

Mini Carbon Monoxide Meter CO-910

CO-910 Carbon monoxide meter detects the presence of carbon monoxide(CO) and measures concentrations between 1-1000 parts per million(PPM).The meter indicates the presence of CO by a reading on the LCD and a beeper tone.The beeper function much like clicking of a geiger counter: above 200 PPM, the beeper sounds continuously with the concentration of CO; from 35 PPM to 200 PPM, the beeper sounds discontinuously with the concentration of CO.
